

Flagler Beach Surf Camp

The City of Flagler Beach Surf Camp will introduce participants to the sport of surfing and bodyboarding. Participants will learn basic techniques in the ocean environment. Please keep in mind that the selection of skills to be taught each day will be dependent on the ocean conditions on that particular day. Therefore, we cannot guarantee a minimum amount of activity time in any one discipline.

The Junior Lifeguard Surf Camp involves deep water swimming activities conducted in a lifeguard supervised environment. In order to participate in such activities all prospective students **must** demonstrate the minimum skills required to insure their safety. **These skills include (1) swimming 100 yards in deep water in less than 2 minutes 30 seconds, (2) treading in deep water for two minutes, and (3) retrieving a submerged object from a depth of 5 feet.**
